**AVIVA CHILDREN AND FAMILY SERVICES PROGRAM CONTRACT COMPLIANCE
MONITORING REVIEW**

In accordance with your Board's April 14, 2009 motion, we are informing your Board of the results of a group home compliance review.

Aviva Children and Family Services (Aviva) has one site located in the 3rd Supervisorial District. Aviva provides services to Los Angeles County Department of Children and Family Services' (DCFS) foster youth. According to Aviva's program statement, its stated goals are to provide "a treatment-oriented facility for young women ages twelve to seventeen" and "also to rehabilitate young women who are unable to function adequately in a family setting or in a traditional high school and to change self-destructive lifestyles and learn to cope more adequately with the traumatic past and the difficult present; to enhance self-esteem, develop appropriate social skills and finish high school." The site is licensed to serve a capacity of 36 children.

The Out-of-Home Care Management Division (OHCMD) conducted a review of Aviva in October 2010 at which time, the agency had one site with 36 beds and 10 placed DCFS children. However, the files of only eight children were reviewed as two children had been placed at Aviva less than 30 days. The sampled children's average overall length of placement was three months, and their average age was 16. Five staff files were reviewed for compliance with Title 22 regulations and contract requirements.

Seven children were prescribed psychotropic medication. We reviewed their case files to assess timeliness of psychotropic medication authorizations and to confirm that medication logs documented that dosages were being administered as prescribed.

SCOPE OF REVIEW

The purpose of this review was to assess Aviva's compliance with the contract and State regulations. The visit included a review of Aviva's program statement, administrative internal policies and procedures, all sampled children's case files, and a random sampling of personnel files. A visit was made to the site to assess the quality of care and supervision provided to children, and we conducted interviews with children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

Generally, Aviva was providing excellent quality care to DCFS placed children and the services were provided as outlined in the agency's program statement. The children interviewed stated that they wanted to continue residing at the placement, that there were many activities in which to participate and that the staff treated them well.

The direct care staff stated that they felt supported by the administrative staff and the Group Home administrative staff was attentive to the needs of the children.

At the time of the review, Aviva did not have any outstanding issues.

NOTABLE FINDINGS
